

# Discussion Topics

---

1. Adoption of Executable Modeling in Practice (Moderator: Philip Langer)
2. Executable UML (Moderator: Ed Seidewitz)
3. Execution Semantics (Moderator: Tanja Mayerhofer)
4. Analysis Methods for Executable Models (Moderator: Jeff Gray)

## Questions to discuss

- What is the state-of-the-art / status quo?
- Which open challenges do exist?
- What are important future work directions?
- Which paper(s) would you like to see next year at the EXE workshop?
